

# Creating text outlines in Inkscape

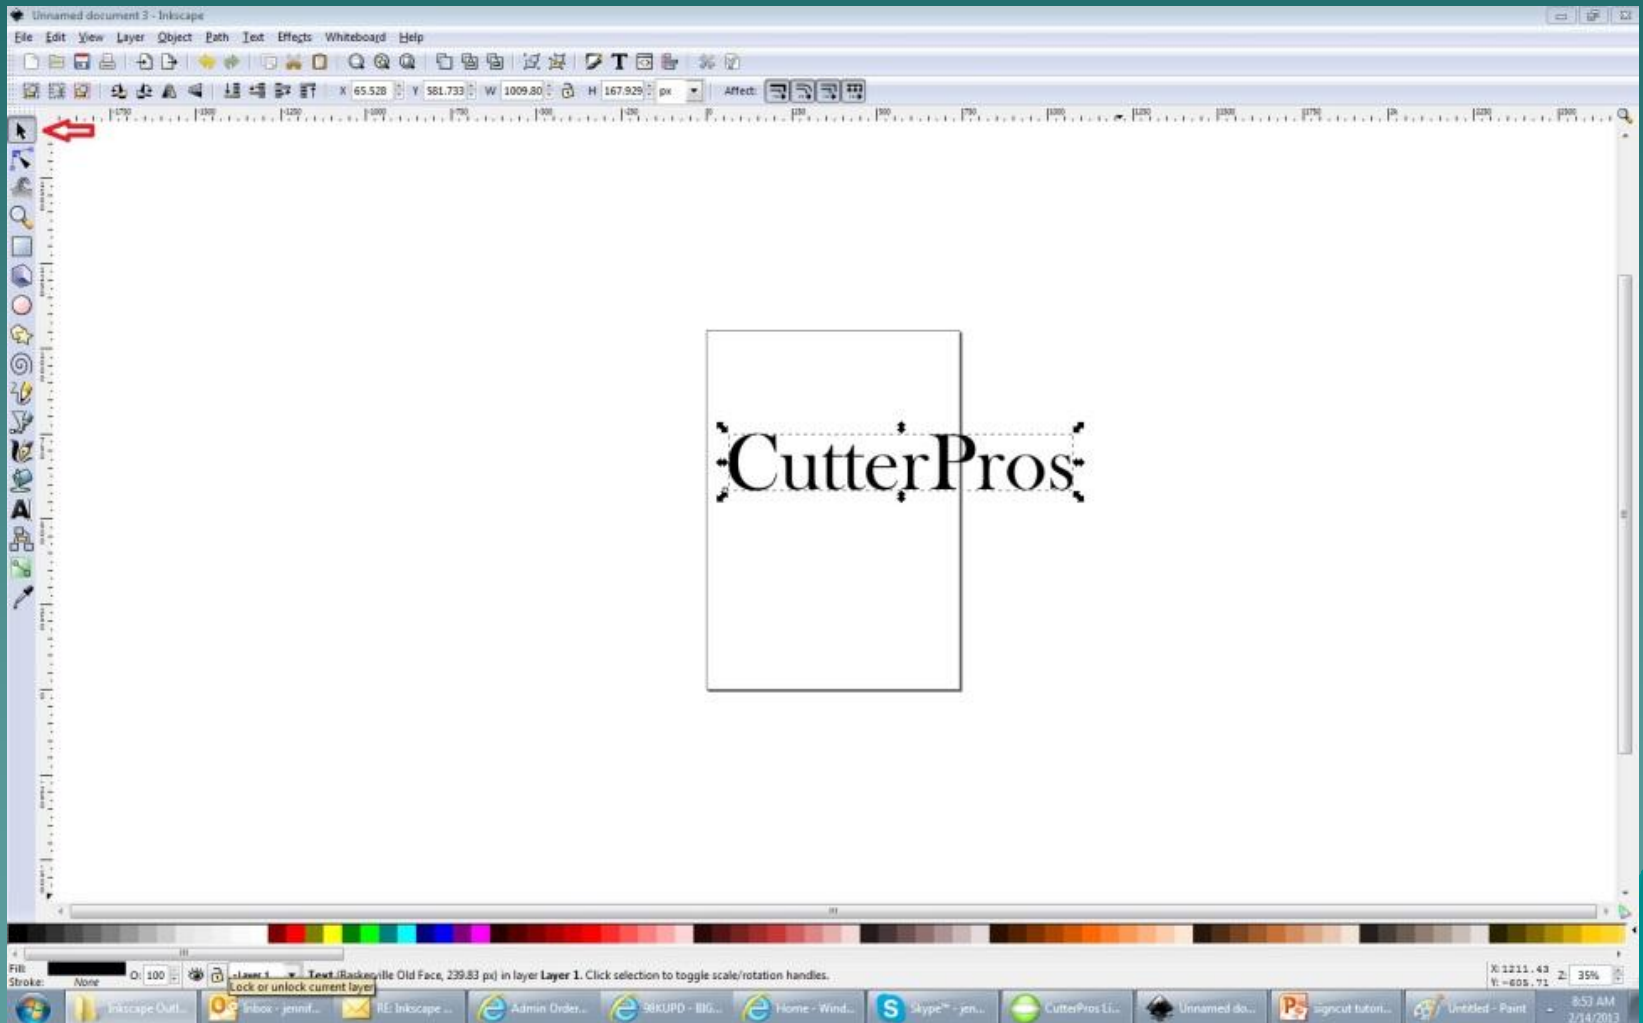

[www.inkscape.org](http://www.inkscape.org)

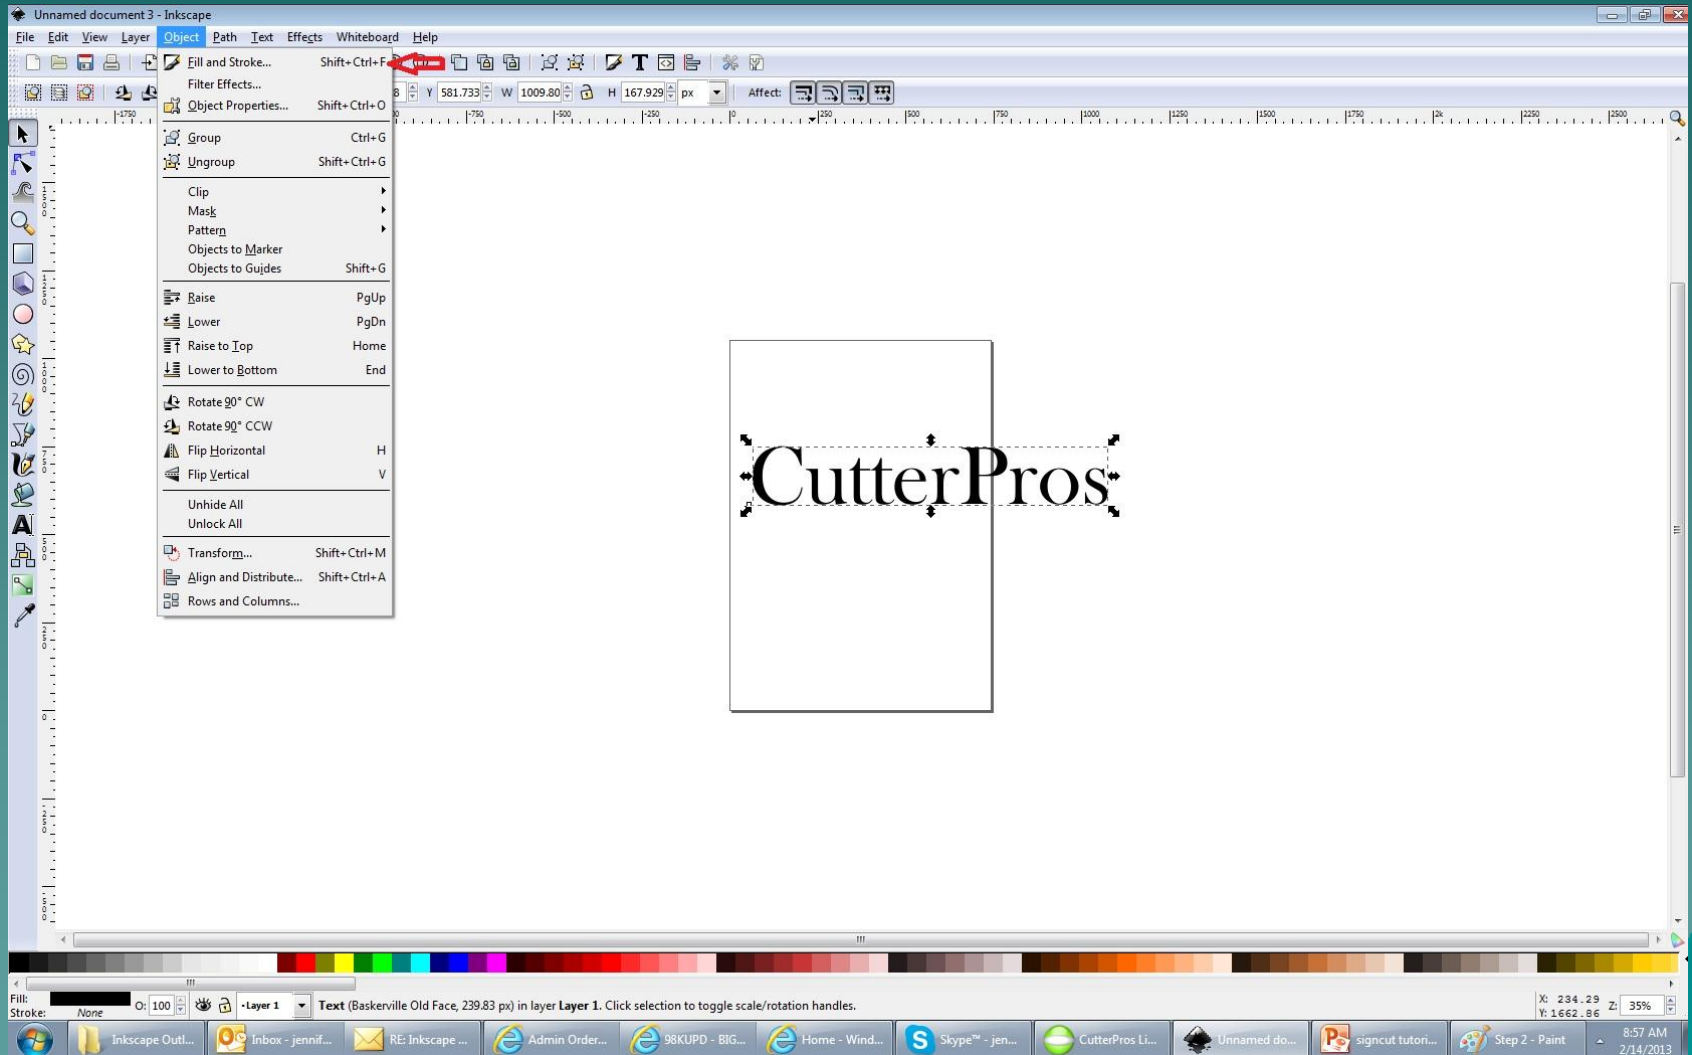

# Open Inkscape, select the text tool.

# Create your text then select the arrow icon at the top.

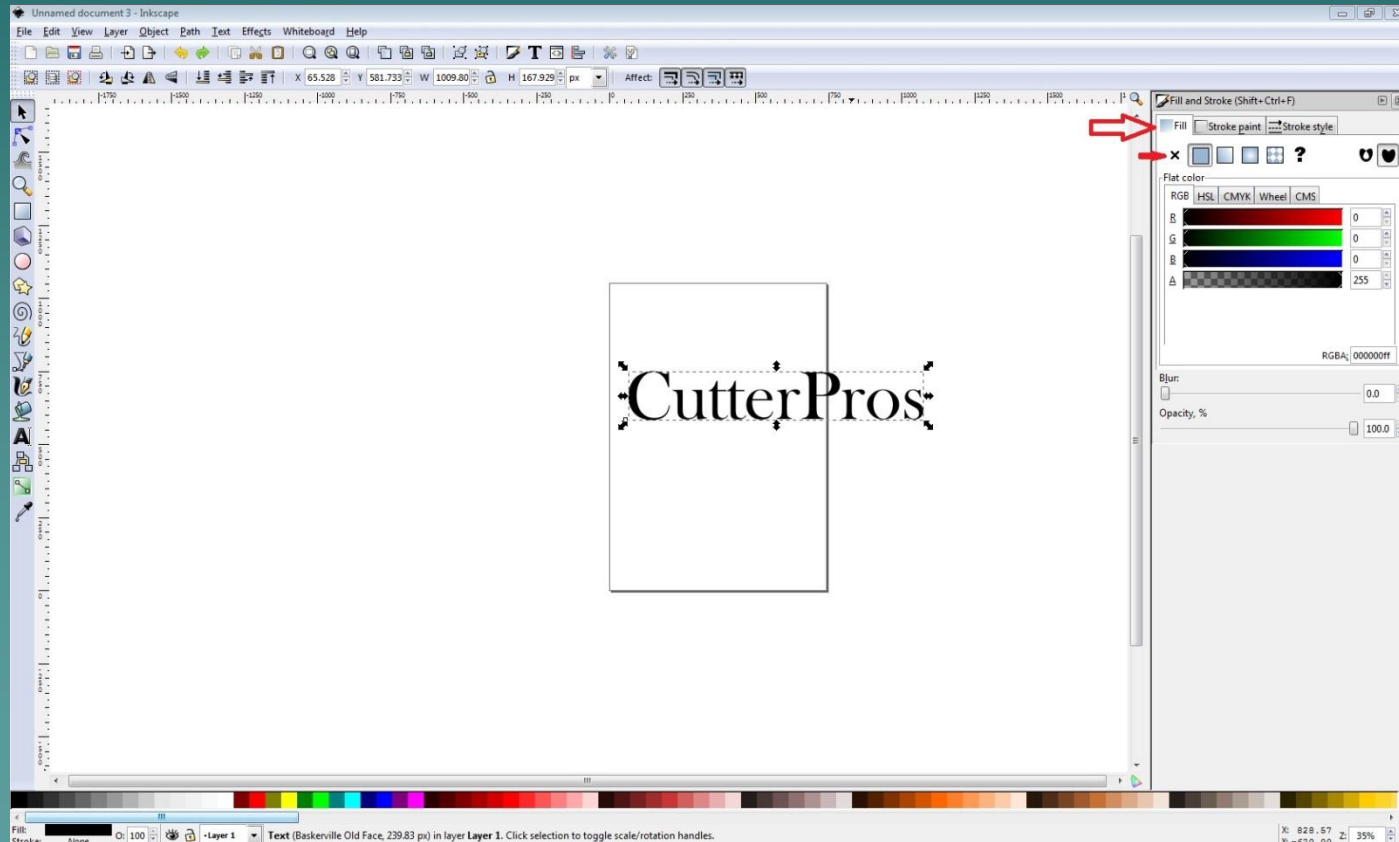

# Select Object, then Fill and Stroke.

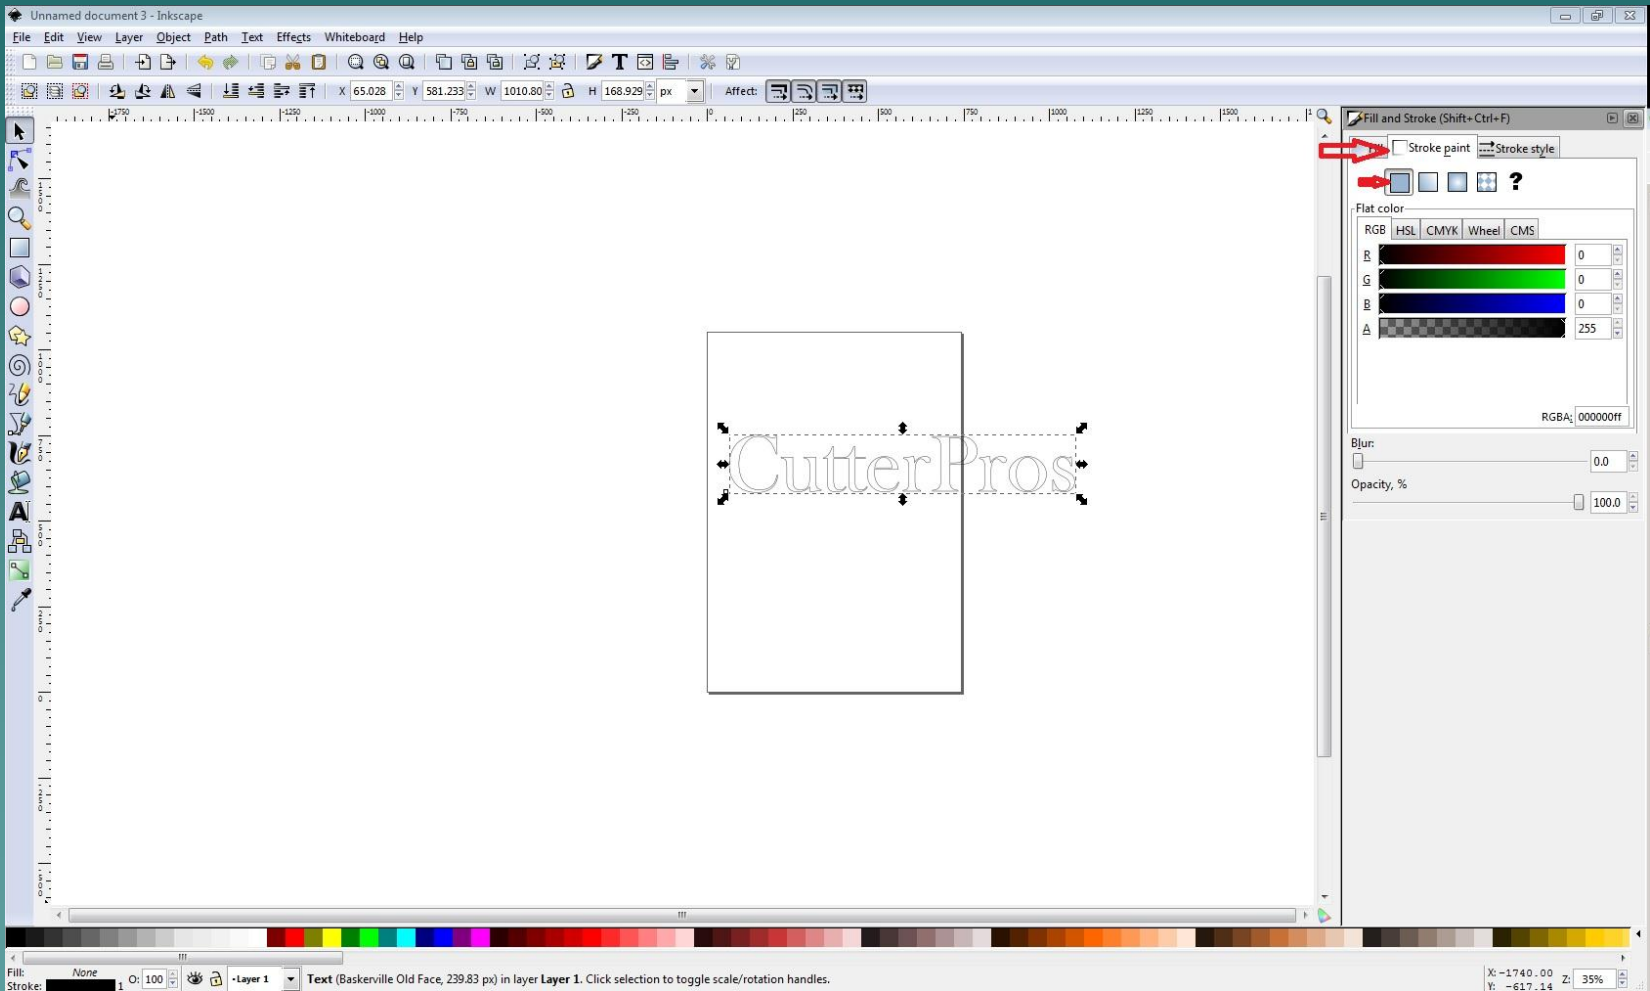

# The Fill and Stroke editor will appear on the right side.

- ◆ Make sure the Fill is selected.
- ◆ Click the "X" to remove the fill.

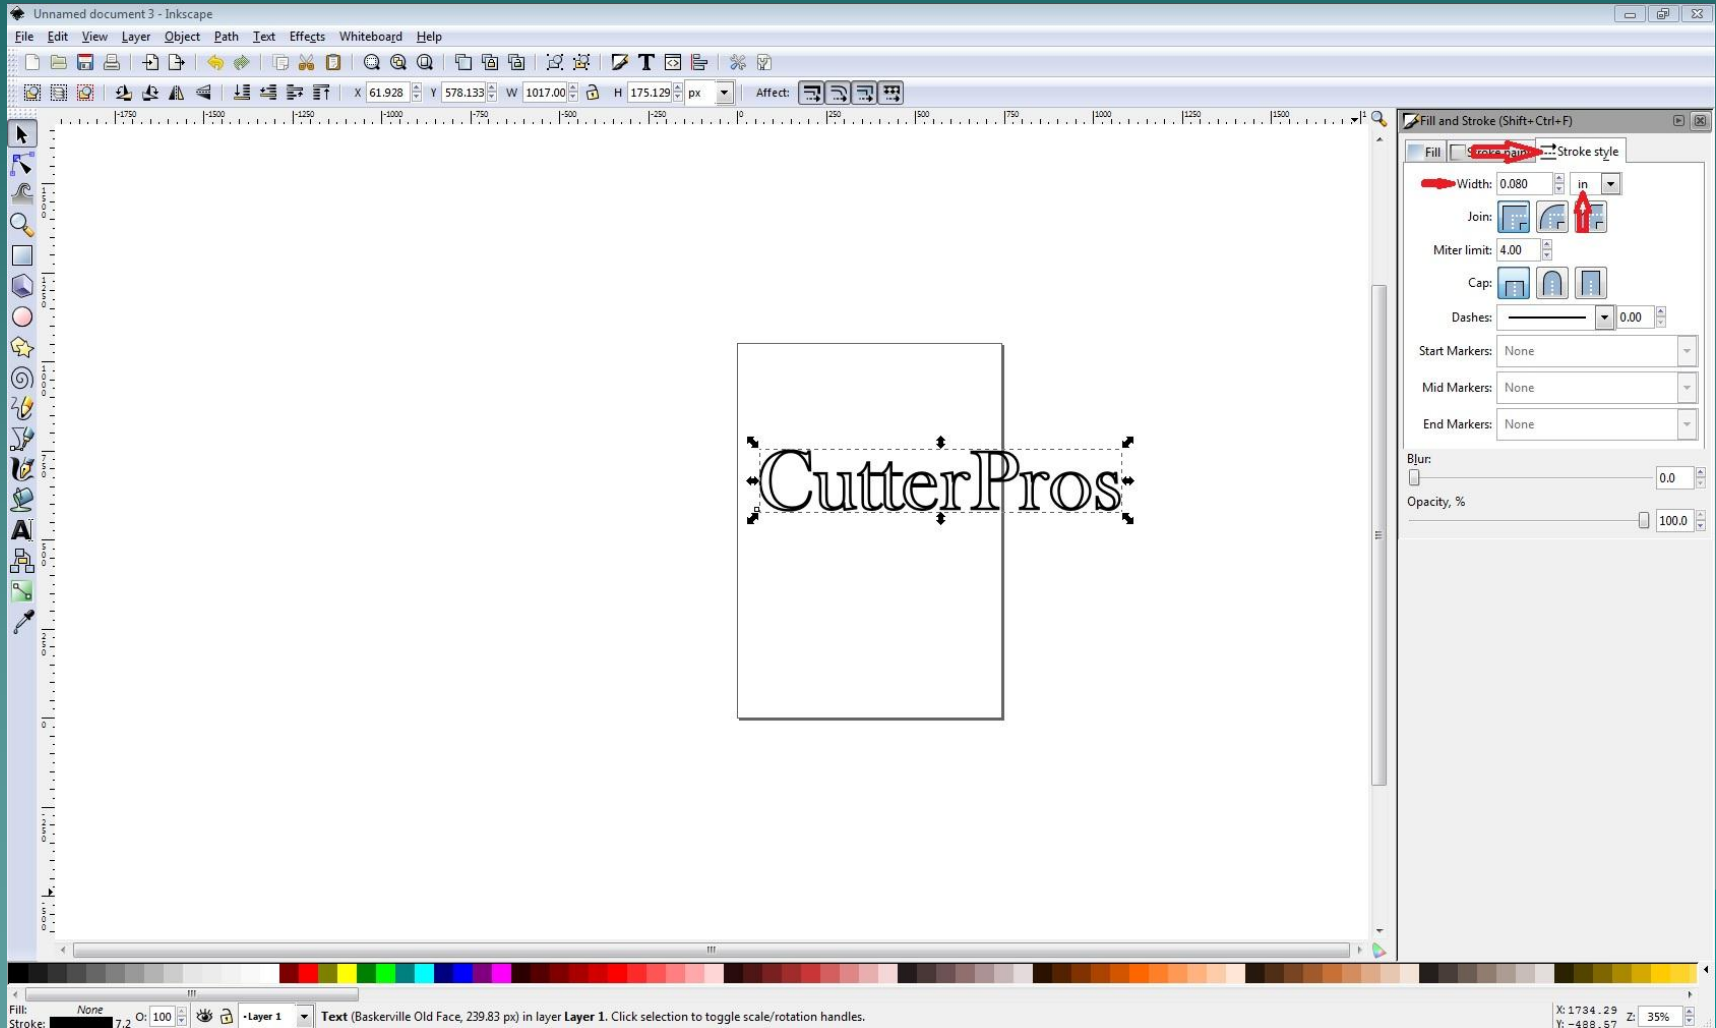

# Select the Stroke paint tab.

Make sure the Stroke paint is selected.

# Select the Stroke style tab.

Here you can change the width of the outline.

# Select your text by clicking on it.

Then click Path, Stroke to Path. You can now send it to SignCut or save the file.

# The End
